

Mr Tulsi Bhai Tanti

He is the founder member of Suzlon Group, has over 25 years of experience in varied techno-commercial areas. He is primarily responsible for building an INR 2500+ crore turnover business in the past decade. In the process, Mr.Tanti has resurrected a declining wind energy industry in India into an industry of the future. Suzlon under the stewardship of Mr Tanti has many firsts to his credits, first in Asia to rank among top six in the field, first in Asia to develop the largest wind Park of over 300+MW and first in Asia to launch MW and multi MW class Wind turbine. Under his guidance Suzlon aims to have a significant global presence with operations in United states, Australia and china to begin with, apart from having a strong domestic presence.
